

Dial-A-Ride is a service program operated totally on a non-fee, non-funded basis by a continuous network of responsible and dedicated volunteer townspeople from the Henniker area. They donate their time, talents, vehicles and gasoline in order to meet the needs of local senior residents when it comes to transportation to medical appointments.

The volunteer commitment doesn't take a huge chunk of time – simply accept the rides that you can provide and bypass the others. Ride requests are currently distributed amongst several Henniker-area volunteers, so the responsibility is spread out, and no single volunteer need feel like the commitment falls solely on his / her shoulders.

If you're interested in being a volunteer driver or if you need a ride to a medical appointment, please contact Rusty Gage, Director of Active Living at White Birch Center: 603-428-3077 / rustyg@whitebirchcc.org.
