

**AZALEA PARK RIVERWALK COMMITTEE  
MEETING MINUTES  
THURSDAY, SEPTEMBER 10, 202**

The minutes of August 26, 2020 meeting were approved with two edits.

The committee thanked Gene Fox for his diligent tenure as secretary. There was no new treasurer's report.

Assignment reports:

The ARM Fund Grant report was submitted to DES by Scott early this week. The committee thanked Scott for his excellent work in completing this report. We now await DES' response.

Gene contacted Bill Lustig of Sign-o-rama regarding the letters on the entrance arch. Bill will donate the logistics of removing the letters and transporting them to a professional painter. The committee voted to pursue this and Gene will e-mail the members with a negotiated price. The members felt that the quoted price of \$500.00 was excessive.

Susan met with Joe Devine on Park Responsibilities including the repair of the fence. As of this meeting, there is no definitive answer as to who is responsible for doing the work to replace the fence. The Town has received \$280.00 of the estimated \$350.00 cost. The Park Department has the materials.

Susan will try to reschedule the meeting with Josh Levesque of the Army Corps to see if they can become re-involved with Azalea Park repairs.

Joan reported that she and Tara are in touch with the Abenaki Trail Project since this part of the Contoocook River is believed to be a part of that.

Fundraising efforts are on hold because of the pandemic.

A work session is scheduled for Saturday, September 19th. from 10:00-noon to clean out the raingarden along the school wall. Gene will winterize the path with stakes before the ground freezes.

Having no further business, the meeting was adjourned at 8:05 pm. No date was scheduled for the next meeting in October.

Respectfully submitted,

Susan Adams
