1) Central Regional Planning Commission Director Mike Tardiff:

- b Update on NHDOT upgrades to Route 202/Old Concord Road intersection.

Mike Tardiff and Staff from the RPC reviewed the buildout analysis performed for the Concord Road area. In addition, the 202 intersection improvements were discussed. Mark F. raised a few questions relative to the buildout and would reach out to the RPC to clarify. Bob Pagano questioned the need for the improvements at 202 intersection and if the accident history was large enough to justify the cost of the project. Staff will gather information relative to the project justification from NHDOT.
