Henniker Planning Board

DEAR, HENNIKER PLANNING BOARD

In representing HHP we are requesting a site plan waiver; it is our belief that our requested project complies with the Henniker Zoning Ordinance. Our goals for the proposed project are to add additional kiln drying equipment on the northeast corner of our sawmill site at HHP.

Proposed Project Outline

- Add 4 Nyle Kilns
- Kiln Dimension: 36 ½' wide, 50' deep, 21' high (7200sq feet overall)

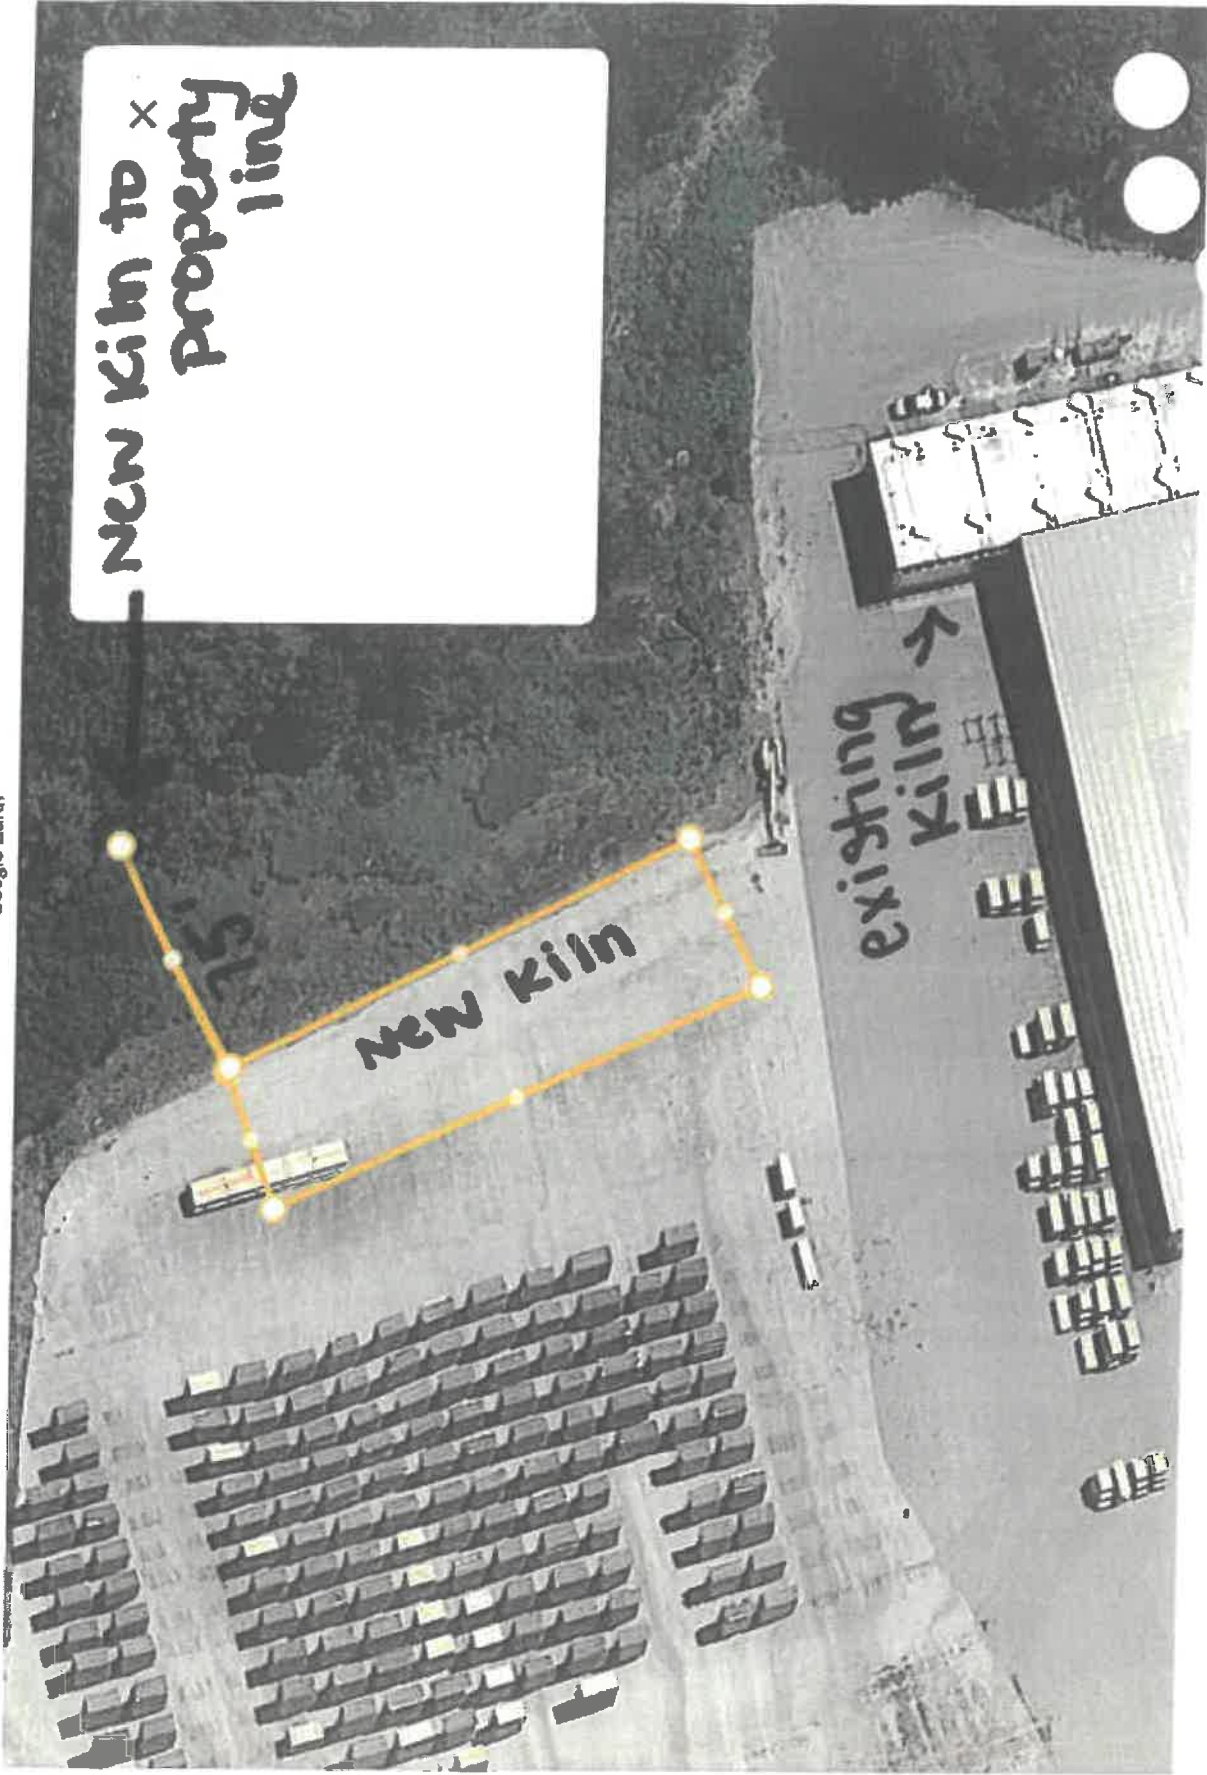

Attached is our property including proposed location of the equipment. Also including is a picture of existing equipment in which the new equipment will be almost identical. We appreciate your time and consideration to review our requests.

Thank you,

Joe Carrier
