

# Request for Proposals

## Disposal of Municipal Solid Waste

The Town of Henniker seeks competitive sealed proposals for the disposal of its municipal solid waste (MSW). The Town intends to issue an initial contract for disposal for a minimum of 5 years although longer terms will be considered. The term will commence on January 1, 2021 and end no sooner than December 31, 2025.

The Town of Henniker Transfer Station processes approximately 1500 tons of MSW annually. The transfer station utilizes a compactor system and compacting trailers to process and move this material. Approximately one trailer load of MSW is extracted from the transfer station weekly weighing approximately 27 tons.

The winning vendor must be qualified and licensed to accept MSW in accordance with applicable federal, state and local laws. A certificate of insurance will be required prior to commencement of services.

The Town expects pricing to be stated as per ton price delivered to the listed disposal site(s). A list of prohibited material will be required. Other vendor services offered e.g. assistance with frozen trailers in the winter will be considered in the final decision.

Proposals are to be submitted in a sealed package no later than October 29, 2020 at 3:00PM to: Town of Henniker, 18 Depot Hill Road, Henniker, NH 03242. Proposals must be clearly marked "RFP for Disposal of MSW". Proposals may also be emailed to [hennikertransfer@tds.net](mailto:hennikertransfer@tds.net) no later than on October 29, 2020 at 3:00PM. Proposals will be opened and considered by the Transfer Station Superintendent and the Town Administrator with a final acceptance recommendation made to the Board of Selectmen. The Town of Henniker reserves the right to reject any and all proposals.

Any questions can be directed to Kristen Bergeron, Superintendent, Henniker Transfer Station at (603) 428-7604 or email at [hennikertransfer@tds.net](mailto:hennikertransfer@tds.net).
